Ngā Mahi o ngā Komiti Hapori / Roles of **Community Boards**

Community Boards are set up under Section 49 of the Local Government Act 2002 (LGA 2002) and their role is detailed under section 52 of the LGA 2002 to:

- Represent and act as advocates for the interests of their community;
- Consider and report on all matters referred to it by the Council or any matter of interest or concern to the Community Board;
- Make an annual submission to the Council on expenditure within the community;
- Maintain an overview of services provided by the Council within the community;
- Act as a channel of communication between the community and Council;
- Undertake any other responsibilities delegated by the Council.

He Karere Haumaru / Health and Safety Message

In the event of an emergency, please follow the instructions of Council staff.

If there is an earthquake – drop, cover and hold where possible. Please remain where you are until further instruction is given.

He Pānga Whakararu / Conflicts of Interest

Members are reminded of the need to be vigilant to stand aside from decision making when a conflict arises between their role as an elected member and any private or other external interest they might have.

Minutes

Mrs Cave and Councillor Mackay declared a conflict of interest in relation to the Eltham Youth Health and Development Trust funding application.

2. Whakatakoto Kaupapa Whānui, Whakaaturanga hoki / Open Forum and Presentations

2.1 Marina Healey and Andrew Turner – Taranaki Facilities Consortium

Ms Healey provided an update on the Taranaki Facilities Consortium (the Consortium) as it had been 12 months since the Council had signed their partnership agreement. The purpose of the Consortium was to provide support for sports groups who were going through challenging times. The three core values of the Consortium were collaboration, accessibility and sustainability. Collaboration was around how to be more efficient and identify where there was an opportunity to combine club rooms and committees. Accessibility identified the importance of facilities being accessible to all communities including disabilities and LGBTQ+ communities. Sustainability focused on the environment as well as considering the whole of life costs for facilities.

Ms Healey noted that it was important to talk with each of the community boards as they had the connection with the community and could provide direction on which groups could benefit from talking with the Consortium.

Mr Haveswood reiterated the value of the Consortium and highlighted that the Council was a member of the group. Recommendations of the Consortium held weight with funders and generally led the way for decisions.

2.2 Niki and Julian Greendale – Eltham Community Care Group

The Eltham Community Care Group had been requested to provide additional quotes for their funding application to replace the shop entrance door. A number of businesses had been approached however a couple declined to provide quotes. Fairview in Hāwera provided a quote and approached a builder to provide a quote for removal and installation.

2.3 Dean Martin – Eltham Municipal Building

Mr Martin had several consultants provide recommendations on paint options for the Eltham Municipal Building. Painting experts highlighted that painting of the exterior needed to be carried out when the building was a certain temperature.

Engineers had been into the building and provided information on what was required to earthquake strengthen the building. A number of additional tests had been carried out by the engineers due to the risk adverse nature of the work.

Mr Martin highlighted that in 1998 the Council had done a bit of earthquake strengthening on the building which meant less work was required than initially thought.

2.4 Steffy Mackay – Eltham Youth Health and Development Trust

It was hoped that a design for the skatepark mural would have been completed to present to the Board however there were minor tweaks required. The youth were excited about the project which was planned to be started in January.

3. Whakaaetia ngā Menīti / Confirmation of Minutes

3.1 Eltham-Kaponga Community Board Meeting held on 2 October 2024.

4. Pūrongo / Report

4.1 Local Discretionary Funding Applications

The report provided a summary of the applications received to the October 2024 Local Discretionary Funds including the status of the Board's Fund.

RESOLUTION

69/24 EL THAT the Eltham-Kaponga Community Board receives the Local Discretionary Funding Report.

Eltham Community Care Group

A funding application was received from the Eltham Community Care Group to replace the shop entrance door.

It was highlighted that the new quote provided was slightly more however included the installation of the new door.

RESOLUTION

(Mr Maindonald/Cr Mackay)

(Cr Mackay/Mr Maindonald)

70/24 EL <u>THAT</u> the Eltham-Kaponga Community Board allocates \$5,658 from their Local Discretionary Fund to the Eltham Community Care Group to replace the shop entrance door.

CARRIED

CARRIED

Councillor Mackay and Mrs Cave left the meeting at 11.07 am and Mrs Douds assumed the position of the chair.

Eltham Youth Health and Development Trust

A funding application was received from the Eltham Youth Health and Development Trust for the E-Town Skatepark Mural Project.

It was noted that the funding would complete the mural and brighten up the area. The Board commended the work on the project and the amount of time that went into the work.

RESOLUTION

(Mr Hawkes/Mr Maindonald)

71/24 EL <u>THAT</u> the Eltham-Kaponga Community Board allocates \$1,555.94 from their Local Discretionary Fund to the Eltham Youth Health and Development Trust to complete a mural in the skatepark.

CARRIED

Councillor Mackay and Mrs Cave returned to the meeting at 11.08 am and Mrs Cave assumed the position of the chair.

Arts Festival Taranaki Charitable Trust

A funding application was received from Arts Festival Taranaki Charitable Trust for a regional arts performance ("He's a Rebel" by the Up Doos in Kākaramea as part of Spiegel Fest's arts festival programme).

There were concerns raised regarding the direct benefit to the Eltham-Kaponga ward. It was felt that if the event was held within the ward or the van stopped in the towns there would be more benefit for the community.

It was suggested that funding could have been provided if there was a commitment to hold an event with the future another year.

RESOLUTION

(Cr Mackay/Mr Hawkes)

72/24 EL <u>THAT</u> the Eltham-Kaponga Community Board declines the funding application from the Arts Festival Taranaki Charitable Trust.

CARRIED

5. Ngā Take Kawea / Items for Action

5.1 Kaponga Municipal Building

An application had been received to purchase the Kaponga Municipal Building. The Council investigated the application and turned it down as it did not fit with the Property Acquisition and Disposal Policy. In response to a query of what were the next steps for the Council it was noted that it was a priority project for the new Spaces and Places Project Manager.

5.2 Eltham Field Gun

Clarification was provided that the Eltham Field Gun was still stored in Stratford. It was noted that there was more rusting than originally thought. A meeting was being held to confirm where the project was heading and then an update would be provided.

6. Pūrongo-Whakamārama / Information Reports

6.1 Community Development Activity Report

The report provided updates to the Board on progress with community development projects and activities across the District and other items of interest.

A blessing had been held for the work that had been carried out in Waverley and for the start of the pump track in Waverley. In response to a query regarding the loop trail in Waverley it was noted that phase one had been completed and the next phase was the urban forest in the next paddock.

RESOLUTION

(Cr Mackay/Mrs Douds)

73/24 EL <u>THAT</u> the Eltham-Kaponga Community Board receives the Community Development Activity Report.

CARRIED

6.2 District LibraryPlus Report – September 2024

The report covered a range of library activities and statistics across the District for September 2024.

It was noted that this was the last meeting before the opening of Te Ramanui o Ruapūtahanga. All programmes that were created for the new library would be shared across the District.

Mr Haveswood sought feedback from the Board on a proposal for the future location of the Kaponga LibraryPlus as it was leaking. Three clear options had been identified for the building and a report was to be presented to the Policy and Strategy Committee. The first option was the status quo which would include patching up the leaks however this option was not guaranteed to make the building watertight. The second option was a permanent location shift to the supper room in the Kaponga War Memorial Hall. The final option to consider was a hybrid service which would be a book bus rather than a physical building. It was noted that option two was the Council officers' preferred option.

The Board communicated that it was important to retain the library service for the Kaponga community. It was felt that consolidating the two facilities would be prudent in managing the funds the Council had. It was highlighted that a new disability toilet had been installed in the Hall which made access better. The Board could see the advantages of the library being in the same area as the playground and the Four Square.

In response to a query regarding the size of the supper room if the library was to move it was noted that the library would take up the whole supper room. It was queried how often the supper room was used. It was noted that there was no definition between a booking for the supper room or the Hall. It was noted that the supper room was used for meetings including community board meetings and meet the candidate sessions during the elections.

In response to a query regarding what would happen if the library were to be moved it was noted that the current building would then be considered under the Property Acquisition and Disposal Policy.

The whole northside of the current library building was leaking and power points had been turned off due to safety concerns. Builders could not determine the exact cause of the leak which meant any proposed work was not guaranteed to resolve the issue. It was important to retain the level of service for the community.

It was highlighted that the membership percentage had decreased due to members being deleted from the system. It was noted that the membership figure did not give an accurate picture of the use within the libraries as many people used other facilities rather than issuing books. It was noted that having a membership was needed for issuing electronic books as well as physical books.

RESOLUTION

(Mr Maindonald/Mrs Douds)

74/24 EL <u>THAT</u> the Eltham-Kaponga Community Board receives the District LibraryPlus Report for September 2024.

CARRIED

6.3 Environmental Services Activity Report

The report updated the Board on activities relating to the Environmental Services Group for the month of September 2024.

The after hours animal control service had been brought in house and was working well. It was highlighted that the contributing factors of the low statutory compliance for building consent timeframes was due to the capacity of the team and the complexity of the applications that had been received.

It was highlighted that the after hours animal control service being brought in house allowed for the level of service to be consistent. The Eltham-Kaponga ward had the lowest number of dog issues across the District.

RESOLUTION

(Mr Hawkes/Cr Mackay)

75/24 EL THAT the Eltham-Kaponga Community Board receives the Environmental Services Activity Report.

CARRIED

6.4 Facilities Usage Report

The report summarised the total usage of a range of Council owned assets and services, within the South Taranaki District.

In response to a query regarding lifeguards for the summer season it was noted that the Council had employed all required lifegaurds for the Rāwhitiroa, Eltham and Kaponga pools.

RESOLUTION

(Mr Maindonald/Mrs Douds)

76/24 EL <u>THAT</u> the Eltham-Kaponga Community Board receives the Eltham-Kaponga Facilities Usage Report.

CARRIED

6.5 Quarterly Economic Development and Tourism Report to 30 September 2024

The report provided a combined update of activities of the Economic Development and Tourism Units, including highlights of the key activities undertaken at the South Taranaki i-SITE Visitor Information Centre

In response to a query regarding the development for the speed limit onto the main road it was noted that this was a work in progress with the development of the Hāwera to Normanby Corridor Strategy.

The confidence in the dairy industry was positive with the increase in dividends and payouts along with the announcement of a new cool store. It was hoped that local contractors would be used for the build of the cool store.

In response to a query regarding seabed mining it was noted that the Council had come out against seabed mining however was trusting the experts and scientists. It was disappointing to see Bluefloat pull out of their proposed windfarm.

RESOLUTION

(Mrs Douds/Mr Maindonald)

77/24 EL <u>THAT</u> the Eltham-Kaponga Community Board receives the Quarterly Economic Development and Tourism Report to 30 September 2024.

CARRIED

The meeting concluded at 11.59 pm.

Pūrongo **Report**

Subject	Local Discretionary Funding Applications
Date	29 January 2025
From	Kaitātari Ope Whaitikanga / Governance Officer, Sam Greenhill
То	Eltham-Kaponga Community Board

Whakarāpopoto Kāhui Kahika / Executive Summary

- 1. This report provides a summary of the applications received to the January 2025 Local Discretionary Fund (the Fund) including the current status of the Board's Fund. The balance of available budget for allocation has been included in Appendix 1.
- 2. Each Community Board has the delegated authority to approve grants qualifying for Local Discretionary funding as per the Community Funding Policy.
- 3. Organisations undertaking a project that has a District-wide impact can request funding from all four community boards through the completion of a District-wide application form. Decisions on District-wide applications will be made quarterly after being discussed at the Mayor and Chairs' forum. The recent round of District-wide applications was considered at the Mayor and Chairs' forum in November 2024 with the final decision to be made by all four Community Boards at the first meetings of 2025.

Taunakitanga / Recommendation

THAT the Eltham-Kaponga Community Board;

- a) Receives the Local Discretionary Funding Report.
- b) Receives any applications (if applicable) requesting funding assistance from the Local Discretionary Fund and;
 - i. Approves to fund the application(s) for the amount requested; or
 - ii. Approves to fund the application(s) for a different amount; or
 - iii. Defers the application(s) to the next funding round; or
 - iv. Declines funding for the application(s) submitted.

Kupu Whakamārama / Background

4. The purpose of the Fund is to fund projects within the ward or district that encourage groups with non-profit making or charitable aims to develop services, facilities, amenities or programmes for the benefit of the community.

- 5. Applications must meet the funding conditions outlined on the application form which are set through the Community Funding Policy.
- 6. Within a triennium, any funding unallocated by a Board at the end of the financial year will be carried over and added to the next financial year's distribution amount.
- 7. The Fund balances set for each financial year are currently based on Census population data, a reallocated amount from the retired Community Initiatives Fund, plus any carry over funding from the previous year. The amounts are as follows for the 2024/25 year:

Eltham-Kaponga Community Board	\$31,085.00
Te Hāwera Community Board	\$56,249.00
Taranaki Coastal Community Board	\$36,638.29
Pātea Community Board	\$33,142.87

Local Government Purpose

8. The purpose of Local Government is: "to promote the social, economic, environmental and cultural well-being of communities in the present and for the future". Funding projects that meet the criteria of the Fund meet the social, economic, cultural and environmental well-beings of the community.

Ngā Kōwhiringa / Options – Identification and analysis

9. There were no applications received for the Eltham-Kaponga Ward and three District-wide applications have been recieved.

Option(s) available

- 10. The possible options for each application are:
 - a) Option One: Approve the application for the requested amount; or
 - b) Option Two: Approve the application for a different amount; or
 - c) Option Three: Defer the application to the next funding round; or
 - d) Option Four: Decline the application.

Whaiwhakaaro me ngā aromatawai / Considerations and Assessments

11. Each application should be considered against its alignment to the purpose of Local Government as well as the extent to which the projects meet the overall Fund objectives and criteria.

Ineligible for funding

- a) Travel costs
- b) Gifts
- c) Conference attendance
- d) Food and catering costs
- e) Rates relief
- f) Applications from Regional Sporting Organisations
- g) Applications from other Government departments

Pūrongo-Whakamārama Information Report

From	Kaihautū Whakawhanake Hapori / Community Development Manager, David Pentz
Date	29 January 2025
Subject	Community Development Activity Report

Whakarāpopoto Kāhui Kahika / Executive Summary

1. This report updates the Eltham-Kaponga Community Board on progress with community development projects and activities across the district and other items of interest.

Taunakitanga / Recommendation

<u>THAT</u> the Eltham-Kaponga Community Board receives the Community Development Activity Report.

Ngā Kawenga-ā-rohe / District Activities

RoadSafe Taranaki

Funding Challenges

2. The funding for RoadSafe Taranaki's 2024-2027 Community Road Safety Programme was confirmed in mid-November 2024. The allocated amount was 65% less than requested. A reduced programme based on the funding received has been created and signed off by the management group, made up of representatives from New Plymouth District Council, Stratford District Council and South Taranaki District Council.

Road Patrol Student Engagement

3. RoadSafe Taranaki provided engaging activities for over 1,000 road patrol students across Taranaki. In South Taranaki, free swims and lunches were hosted, supported by Silver Fern Farms who provided a BBQ, food, and staff help and Yarrows who provided bread.

Cycle Safety Programme

4. In November 2024, RoadSafe Taranaki delivered a cycle skills training programme at Hāwera Primary School, focusing on promoting safe cycling practices among students. The programme included hands-on training in essential skills such as helmet fitting, bike safety checks, and navigating road hazards. Students also practiced signalling, maintaining balance, and following road rules in a controlled environment. The positive feedback from teachers highlighted the value of building confidence and awareness for safer cycling.

Town Revitalisation – RoadMap to Revitalisation

- 5. Draft RoadMaps have been developed for Waverley, Pātea, Eltham, and Ōpunakē. These documents provide a clear and concise overview of completed initiatives, proposed projects, and the community's vision and priorities for the future. They include project sequencing, funding allocations, and a development framework designed to address immediate needs while laying out a five to ten-year strategic direction. The RoadMaps emphasise actionable and community-driven planning.
- 6. The draft RoadMaps will be shared with the respective co-design groups and the broader community for feedback through an open day in early 2025.

Te Takiwā o te Hāwera / Te Hāwera Ward

7. Three projects have been identified by Te Hāwera Community Board for further development.

Normanby forecourt/patio project

8. Investigations are underway to provide a functional, attractive, and practical seating solution for the concrete pad outside Normanby Hall. Three seating options will be presented to the Board for discussion.

Hāwera skatepark shelter

9. Plans are in progress to create a welcoming, sheltered seating space at the skatepark, encouraging families to actively engage while their children play. Design options are being prepared for the Board's review.

Te Hāwera photo frame

10. Options and potential sites are being reassessed, with installation planned for completion by March 2025.

Te Takiwā o Pātea / Pātea Ward

Pātea Loop Track – Information Boards

11. The information boards, a collaboration between Aotea Utānganui – Museum of South Taranaki and the Community Development team, are now complete. They feature historical information tailored to specific sites, highlighting Pātea's rich history.

Pātea Area School Pathway Paint Designs

12. The design for a shared walkway was created in partnership with Pātea Area School and Ngāti Ruanui and is now in place.

Wairoa-Iti / Waverley Town Revitalisation

Co-Design Group

13. The Waverley Town Revitalisation co-design group met in November 2024 to review project updates and discuss the terms of reference for the group. Spaces are now available for new community members to join the group, and a call for expressions of interest will be made.

Ngā Pou

14. A mātanga whakairo (carving specialist) has been nominated by Ngā Rauru to provide expertise in the creation of the pou, including protocol, artistic design, cultural narrative, and installation support. Work is expected to span 15 weeks and concept designs are anticipated by March 2025.

Waverley Town Belt

15. The first stage of the Waverley Town Belt was opened with a blessing, led by Ngā Rauru. This marks a significant step in creating a community-focused recreational area.

Waverley Pump Track Aotea Park

16. The pump track, constructed with funding from OMV is now complete. A blessing was held in December 2024 to officially open the pump track.

Waverley Kiwi the Horse

17. The bricks, naming the sponsors who contributed to the Kiwi the horse statue were laid in November 2024. This marks another significant step in celebrating the legacy of Kiwi the horse.

State Highway Improvements

- 18. A safety system audit was completed in November 2024 and is currently awaiting approval from Waka Kotahi to sign off the work. Work completed to date includes:
 - Roadworks, including planting, refuge crossings, and the installation of safety features.
 - Public seating and new rubbish bins.
 - Eight new streetlights, with two at each refuge crossing, to improve nighttime visibility and pedestrian safety.

Te Takiwā o Arakamu ki Kaponga / Eltham-Kaponga Ward

Eltham Town Revitalisation

Stark Park Development

19. The co-design group has reviewed the latest updates to the Stark Park development concept, which has now progressed to the detailed design stage.

Stark Park Car Park

20. Discussions with key stakeholders have explored the feasibility of proposed improvements to the Stark Park car park. The proposed enhancements aim to create a safe, defined pedestrian link between Stark Park and Bridger Park, and clearly delineate boundaries between public and private properties.

Directional Wayfinding Signage

21. Directional signage has been designed to align with the town's style guide, complementing the newly painted elements. Production is currently underway, with local steel fabricators preparing the frames for the sign inserts, which have already been received.

Taylor Dog Park

22. In October 2024, the Eltham-Kaponga Community Board approved the installation of a drinking tap at Taylor dog park. A local plumbing contractor was hired to carry out the work, which has now been completed.

State Highway Improvements

23. The designs on the traffic calming measures in Eltham have been repainted, marking the completion of this project.

Te Takiwā o Taranaki ki Tai / Taranaki Coastal Ward

Ōpunakē Town Revitalisation

- 24. In October, the Ōpunakē co-design group met to refine details for the green space project. A contour survey of the Napier Street area has been completed. The data is being used to finalise detailed designs and prepare cost estimates.
- 25. The relocation of the Napier Street bus stop is necessary to advance the green space project. Stakeholders have approved the proposed new location, and an application for approval has been submitted to Waka Kotahi.
- 26. The Ōpunakē co-design group has finalised the designs for wayfinding signage, selecting a vibrant colour palette and style. The chosen colours reflect the natural beauty and coastal character of Ōpunakē, emphasising its beachside theme.

Chorus Wall Artwork

27. Chorus NZ Ltd has completed the preparatory work on the Chorus building, which involved boarding up the windows and applying a base coat to the main street side. The Havelock Street side and eaves still require maintenance and cleaning before a mural can be applied. Discussions with local artists are underway to explore potential mural ideas for this space.

Subject District LibraryPlus Report – October and November 2024

Whakarāpopoto Kāhui Kahika / Executive Summary

1. This report covers a range of library activities and statistics across the District for October and November 2024.

Taunakitanga / Recommendation

<u>THAT</u> the Eltham-Kaponga Community Board receives the District LibraryPlus Report for October and November 2024.

Ngā Kawenga-ā-Whare Pukapuka Āpitihanga / LibraryPlus, Activities

Public Outreach and Events

- 2. Several public events were held at Hāwera LibraryPlus before closing to the public to relocate to Te Ramanui o Ruapūtahanga. The last one, one last cuppa, was organised by the community outreach team. Current and past staff, customers and participants from the many groups who regularly attend sessions and contribute to library life were invited as well as people from Casual Cuppa, Peggy Purl, Community Strength and Balance and the Altrusa group. More than 30 people looked at photos from over the years and shared their memories; it was a lovely way to conclude adult programming at 46 High Street.
- 3. Te Ramanui o Ruapūtahanga opened to the public at 1 pm on 25 November 2024. In the first week of operation the facility received positive feedback from the public, who are visiting in droves. People appreciate the additional book stock, sense of light and space, and enjoying the small reading nooks which provide the opportunity to be "alone, together". Worldwide, libraries are seen as a trusted profession, and a safe space where connections are made. This new facility increases the capacity to be that place for South Taranaki's population.
- 4. Across the District staff continue to provide a variety of events catering to the diversity of our communities. Book clubs, crosswords 'n coffee, quiz and board game sessions and craft groups are always popular, as are informal coffee sessions with staff or guest speakers.
- 5. The new monthly craft group in Waverley is proving to be popular. In October, the group focused on embroidery, and in November, they explored flax weaving.

- 6. A paint evening was held at Hāwera LibraryPlus where the 18 attendees were guided through a spring path sunset painting.
- 7. The 2024 Lysaght-Watt Trust Ronald Hugh Morrieson Literary Awards concluded with the annual awards night held at TSB Hub. Over 120 people attended the event, making it one of the largest yet. Te Paepae o Aotea kapa haka group performed waiata as guests arrived followed by a performance to officially open the awards. The awards have continued to grow with over 180 entries, two fully booked workshops, and the short story section entries doubling in the open section. The awards are sponsored by Lysaght-Watt Trust, Normanby and District Lions Club and the Taranaki Daily News.
- 8. At Manaia LibraryPlus, five adults attended a paint-a-pot session in October. Staff promoted library services and asked participants what other adult events they would like to see. As a result, a card-making session and card games club are being planned for early 2025.

Children's Services

- 9. During the school holidays, tamariki were engaged with a variety of activities centred around the theme of Spring. The programme included a mix of crafts, scavenger hunts, and more. The Arts Coordinator led an arts program that celebrated Spring through a collaborative activity with children in Manaia and Ōpunakē.
- 10. Hāwera LibraryPlus staff collaborated with the Horticulture team to host a nature walk at Naumai Park. Families were provided with a guided tour and learnt about the tree canopy, various types of flowers, ferns and other treasures of the park including birdsong, the waterfall and a mother duck with her ducklings. A story was read on the grassed area while the children snacked on fruit.
- 11. The bilingual combined pre-school read has returned as a regular fortnightly event at Eltham LibraryPlus, after stopping in 2021 due to COVID restrictions. Natures Wonder Preschool Daycare, Eltham Kindergarten, Te Kōhanga Reo o Te Taurahere Ki Te Ao and Eltham Primary School participate in reading te reo picture books from our collection. Each fortnight, a different school hosts the read. A pōwhiri is always held, and participants use the experience to learn and gain confidence with Māori culture and use of te reo. In November, a total of 122 children and 27 adults participated in the event.
- 12. A teen hangout has started from 3.30pm every Monday. One of the activities includes using the Virtual Reality headsets. Staff plan to talk to teens who catch the bus outside the library in the mornings to encourage more attendance at these sessions.

Digital Services

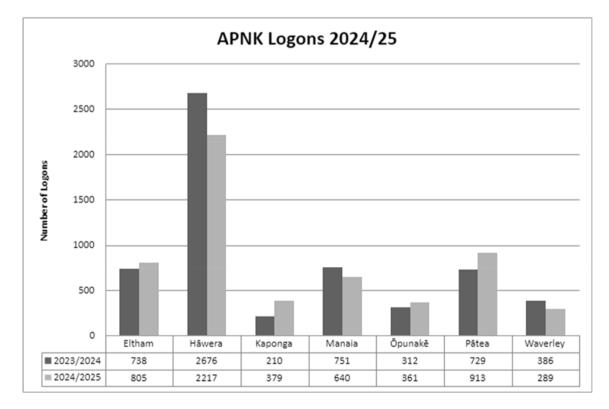

- 13. LibraryPlus continues to provide a wide range of digital experiences for all ages, ensuring our residents and ratepayers are well-equipped to thrive. Pātea staff have been visiting Whenuakura School to teach children coding using *Bee Bots*. Staff hope this initiative will continue in 2025, as it has helped form a strong relationship with the school.
- 14. The Kakaramea School coding club enjoys fortnightly visits to Pātea LibraryPlus. Staff take turns supporting them with the *Scratch* programme and other technologies. As a reward for their ongoing hard work, students enjoyed an end-of-year session using the *Little Bits* electronic sets.

15. Across the District, PlayStation and Nintendo switch are popular among youth. The games are typically self-managed by the players, fostering cooperation and teamwork. Gaming also increases confidence, enhances hand-eye coordination, and promotes social interaction among people who might have few common interests.

Ngā Tauanga / Statistics

Wi-Fi and Aotearoa People's Network Kaharoa (APNK) Usage

- 16. In October, there were 74,085 minutes used on APNK and 1,164 logons, compared with 36,154 minutes and 976 logons for the same period in the year prior.
- 17. In November, there were 39,917 minutes used on APNK and 710 logons, compared with 38,020 minutes and 1,051 logons for the same period in the year prior.
- 18. In October, the Wi-Fi was used 4,840 times compared with 4,906 for the same period in the year prior.
- 19. In November, the Wi-Fi was used 4,616 times compared with 4,558 for the same period in the year prior.

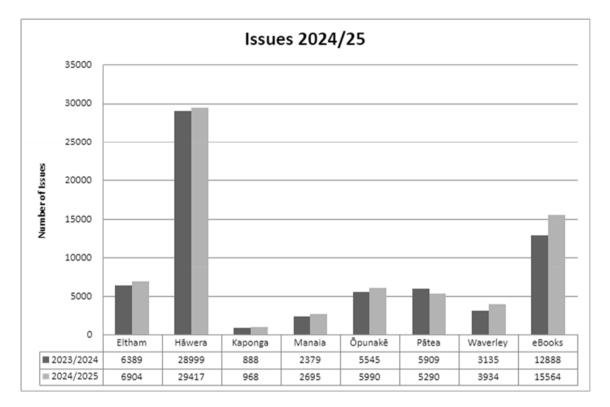

The table below shows APNK usage for the 2024/25 year.

Circulation

20. Issues for October were 14,301 compared with 12,700 for the same period in the year prior.

21. Issues for November were 12,893 compared with 13,021 for the same period in the year prior.

22. As anticipated, issues continue to be higher than the year prior, up 7% in the 5 months of the financial year. During November Hāwera LibraryPlus was closed for two weeks, so this is an excellent result.

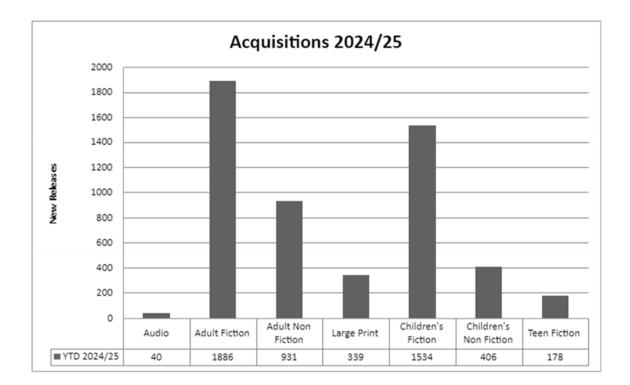

The table below shows the number of issues for the 2024/25 year.

New Resources

23. The acquisitions department processed 5,314 resources and distributed them across the seven LibraryPlus branches in the five months of the financial year. Of these, 40% were for children and teens.

The table below shows the new releases in the different categories.

Membership

24. Membership of the libraries stands at 10,915 or 38% of the population. This is a significant decrease on the percentage previously reported, due to a change in the way membership accounts are handled. The Libraries and Cultural Services Manager met with Information Management staff to consider the impacts of the Retention and Disposal Policy, and the Privacy Act. As a result, accounts are now deleted after they have been inactive for a set period whereas previously, in line with other libraries, accounts have remained available to members unless they requested deletion. No doubt this is an area other libraries around the country are also grappling with.

Subject	Environmental Services Activity Report
Date	29 January 2025
From	Kaiarataki Taiao / Group Manager Environmental Services, Liam Dagg
То	Eltham-Kaponga Community Board

(This report shall not be construed as policy until adopted by full Council)

Whakarāpopoto Kāhui Kahika / Executive Summary

- 1. This report updates the Eltham-Kaponga Community Board on activities relating to the Environmental Services Group (the Group) for the month of December 2024.
- 2. The Group is comprised of four business units:
 - a) Planning and Development
 - b) Quality Assurance
 - c) Regulatory Services, and
 - d) Environment and Sustainability
- 3. The first part of the report goes through the operational activities for each of the business units. The second part of the report provides an update on key projects and programmes.
- 4. Key points to note for the month of December:
 - a) Resource consents and building consents are on a downward trend, and statutory compliance for timeframes is high.
 - b) Reported noise incidents increased, with this likely attributable to summer, outdoor activity and holiday/festive season.

Taunakitanga / Recommendation

THAT the Eltham-Kaponga Community Board receives the Environmental Services Activity Report.

Ratonga Hanga Whare / Building Control Services

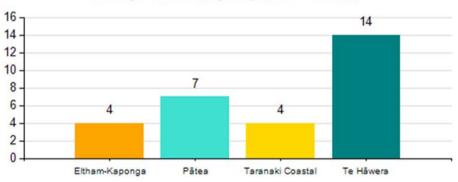

5. Building consent activity continued on a downward trend (Table 1). Building consent lodgements are also lower when compared with the same time last year. Statutory compliance is back above 80% compared to November.

Table 1. Building Consents Statistics Summary

6. Building activity was significantly higher in Te Hāwera ward compared to other wards (Figure 1).

Figure 1 – Building Consents lodged by Ward – December

7. Commercial activity is not high compared to residential work, much the same as it was for the previous month (Table 2). New dwellings and alterations in Te Hāwera still feature, despite the lower overall numbers.

8. Resource consent lodgements are low compared to the previous month and for December in the previous year. Statutory compliance is on track to be at or above the 95% performance measure for the year (Table 3).

Land Information Memorandum (LIMS)

10. Applications for LIMs remain high (Table 4). Most LIM applications have been in Te Hāwera Ward followed by Eltham-Kaponga. All applications were for residential or rural properties,

with no enquiries for commercial (Figure 4), which is similar to the pattern seen in building/construction, with most activity in residential work (refer Table 2).

11. All incident types are steady with little change from previous months (Table 5), with the exception of roaming and threatening menacing dog reports. This is a positive downward trend, which is more evident if the timespan is expanded beyond what is shown in Table 5. Te Hāwera ward is where most of the incidents have been reported however, Taranaki Coastal has seen an increase in barking incidents as well as other incident types, a trend that is being actively monitored (Figure 5).

Table 5 – Customer Service Requests: Animal Control

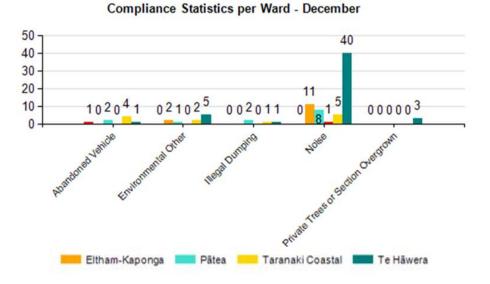

12. Other customer service requests (Table 6) have been received in similar frequencies to the previous month and the corresponding month from last year, with the exception of noise, which has seen an increase, and illegal dumping, which has decreased since a peak in activity during November. The increase in noise complaints during December is not inconsistent with trends seen across the years and is attributable to summer, people being outside more with daylight saving, and the festive season. Most noise complaints were received from Te Hāwera Ward (Figure 6).

13. Below are the details of current prosecutions:

Prosecution Type	Ward	Outcome					
Dog Attack on Domestic Animal	Eltham-Kaponga	Completed. Owner was sentenced with a \$500 fine and destruction ordered for the dog. Owner filed appeal. Court overturned destruction order.					
Dog Attack on Domestic Animal	Eltham-Kaponga	Ongoing. Owner filed request for release of the dog while prosecution case was being prepared by the Council. Request was declined. Objection hearing held on 23 September 2024, adjourned due to owner not turning up. New date set to hear attack case is March 2025.					
Dog Attack on Domestic Animal	Pātea	Completed – Destruction order issued.					
Dog attack on Human	Ōpunakē	Completed – Destruction order issued.					

Rautaki Kaupapa me ngā Hōtaka / Strategic Projects and Programmes

Reforestation Project

14. Phase two of the planting at Pātea Saltmarsh will take place in early 2025. The work will include improvements to the fences, planting of 2,000 native plants, animal and plant pest management, and plant maintenance.

15. Other planting activities are also being assessed, and community engagement will be starting shortly to discuss potential planting at the Pātea Wastewater Treatment Plant. If this planting activity continues, it will see a further 20,000 native plants and trees planted in the Pātea ward.

Waste Minimisation

- 16. Waste minimisation action plans updated following an audit of the waste at the Council's facilities. Notable actions include the introduction of reusable swimming nappies at all pool facilities. These nappies are provided at a subsidised cost funded by the Waste Minimisation Levy.
- 17. The Resource Wise Business programme is now well underway, with many businesses participating. All local businesses are urged to contact the Council to participate and learn how they can not only reduce their waste but also reduce the cost of waste removal.
- 18. As part of the waste minimisation behaviour change and education programmes, schools and communities are supported through ongoing education programmes. The team has recently visited the Hāwera Christian School and engaged with the students regarding improving waste management through science experiments and play.

Plan Change 2 – Todd Energy

19. Agreement has been reached between the parties on outstanding matters. The last of the reports are being produced so we can move to the next phase of presenting back to the District Plan Committee in early 2025.

Plan Change 3 – Papakāinga

20. Following the submission period, we are currently finalising the submission summary and the officer's planning recommendations report. These will be made available on the website and will be provided to the submitters once finalised. A hearing date is scheduled for March 2025.
