

Something we should know? Send us an Antenno

Antenno is a cellphone app that sends you alerts and notifications about places and topics you care about. It's free to download and use, and you can opt out of topics that aren't of interest to you. It doesn't ask for any personal information or login details, so it's a nice easy way to stay informed about Council related stuff.

Antenno lets you choose multiple "Places" (which could be the area you live in, work, where your children go to school, or where you like to exercise your dog) and then you will see updates from Council on community events, matters up for consultation, water shutdowns, changes to rubbish collections and much more.

You can also use Antenno to tell us about things that need fixing, or give us feedback, directly through the app! Antenno makes it easy for people to submit feedback or report issues such as a full public rubbish bin, damaged footpath, road pothole, graffiti or submit feedback or an idea to Council.

HOW TO DOWNLOAD: Download the app for free from the App Store, Google Play or head to www.southtaranaki.com/antenno or scan the QR code to download and save places you care about, such as home, work, your holiday home or school.

Upcoming Meetings

Public are welcome to attend

SOUTH TARANAKI DISTRICT COUNCIL'S

HAPPENING HOLIDAYS

SCHOOL HOLIDAY PROGRAMME

Need something for the kids to do these school holidays? The Happening Holidays School Holiday Programme is now available and is packed with a great range of activities for everyone to enjoy. Some activities have limited spaces and/or require registration, so be sure to register early to avoid missing out. You can pick up a hard copy of the programme at your local LibraryPlus, at TSB Hub or isite, or you can download it online at www.southtaranaki.com/holidayprogramme. Bookings can be made at the South Taranaki isite (now located at Te Ramanui o Ruapūtahanga).

Free Family Event: Aya and the Butterfly heads to Waverley

Show details: Thursday 17 April, 11am, Waverley Community Centre, Chester Street, Waverley.

Birdlife Productions is back with a new puppet and music show using exquisite puppetry, live music and lots of giant caterpillar fun. **Aya and the Butterfly** is a heart-warming, joyful story about a little girl who finds happiness through her experience of the metamorphosis of the monarch butterfly. Designed for families and ideal for children aged 3 to 9 years, Aya's story encourages compassion and empathy while featuring plenty of magical puppet moments, music and songs, and lots of joining in! Held during the school holidays, this exceptional show is **FREE** for all families and tamariki to attend. Bring a cushion!

Leak detection work in Normanby, Kaponga and Manaia

If you see some people in high-vis vests walking the streets of Normanby, Kaponga and Manaia with what appears to be a listening device, don't panic - it's not the security services eavesdropping on your conversations! They are Council contractors checking for possible water leaks in the water reticulation network. This leak detection work will take about 1-2 weeks and covers around 48.3km of water pipe (Normanby – 14.5km, Manaia – 25km and Kaponga – 8.8km). It's all part of the Council's programme to improve our water infrastructure by identifying, then repairing leaks in the system. The contractors carry full ID and all the vehicles are sign written and fitted with flashing beacons. If you have any questions about this work just call the Council on 0800 111 323 and ask to speak to Tinus.
